Brief outline

As the official organ of the German Asphalt Pavement Association (DAV) and its regional offices as well as the German Asphalt Institute (DAI), the trade magazine "asphalt" represents the interests of the asphalt manufacturing and processing industry as well as related sectors. The companies organised in the DAV and DAI regularly receive the journal as part of their membership at no extra cost. In addition, the "asphalt" is subscribed to by other companies and service providers from the construction and asphalt sectors, such as road construction companies, testing laboratories, research institutes and universities. Last but not least, road engineering authorities and engineering firms are also among the readers of the journal.

As a media partner of the European Asphalt Pavement Association (EAPA) the "asphalt" reports on European standardisation and regulations from Brussels and its impact on the national market.

The "asphalt" prioritises such main topics as practical technical articles, reports and articles in the fields of:

- Economic developments and policies that affect the asphalt industry
- Developments and trends in transport policy
- New installation procedures
- Innovations in machine technology
- Recycle and reuse
- Noise reduction
- Interesting construction projects
- New regulations for the asphalt industry
- From the asphalt mixing plant
- News from the testing laboratory
- Occupational health and safety

Comprehensive reporting on research and development, companies, associations, institutions and individuals, as well as literature and events.

Your competitive edge

Your targeted online advertising opportunities

- ▶ In the weekly STV News Channel
- ▶ In the E-Paper of asphalt
- ▶ In the online magazine newsstand
- ▶ On Facebook

Included:
The STV industry
online JOB exchange

1. STV News Channel

Styled as a news channel, the latest industry news is covered weekly. Support the STV News Channel through your banner advertising and innovative machine and service presentations.

Banner im News-Channel	Größe	Preis pro Aussendung
Premium placement (over the „News of the Week“)	600 x 150 Pixel	300,00 €
Plus placement (after the „News of the Week“)	600 x 150 Pixel	260,00 €
Basic placement (above the „Recycling News“)	600 x 150 Pixel	230,00 €

2. E-Paper

Our readers are increasingly using the option to retrieve trade journals electronically. Take advantage of the opportunity to attract new attention with new forms of advertising (e.g. videos, links to landing pages).

Linking options	Price per issue
Ad linked to the report	€ 210.00
Ad linked to homepage or product page	€ 260.00
Embedded video	€ 360.00

3. Online Magazine Newsstand

All current titles are available in our innovative online magazine newsstand. The newsstand also has a comprehensive archive with various search functions, also for all our trade journals. Advertising here with an online banner guarantees reaching several target groups.

Banner sizes	Price per month
Super banner (1200 x 120 pixels)	€ 915.00
Full-size skyscraper (200 x 600 px)	€ 815.00
Full-size banner (980 x 120 pixels)	€ 660.00
Half-size skyscraper (200 x 280 px)	€ 410.00
Teaser box (200 x 100 pixels)	€ 280.00

4. Facebook

We post the most important news for the industry on a weekly basis. A news item will report on the technical data of a machine. This could be yours!

Option	Price per week
Teaser about the report + link to the e-paper	€ 210.00

Further details and information on request.

The success is measurable – the figures speak for themselves

Excerpt from asphalt 6/2019

Web newsstand

Online access figures exceed circulation

Digitisation is progressing – and not only in road construction. The provision of specialist information is also going through changes. The trade journal “asphalt” and Stein-Verlag have been making their information available online for some time now.

The digital equivalent to the analogue form of information on the production and installation of asphalt has been around for quite some time. The online version of the trade journal of the German Asphalt Association (DAV) is also available at webkiosk.stein-verlaggmbh.de. “We have given

this a lot of thought,” explains Marc Vogelberger, responsible division manager at Stein-Verlag, “and exchanged ideas with designers, editors and developers.”

An exercise that has since been rewarded for the effort put in. In the first four editions of the year, the page views of individual editions were sometimes double that of the print run of the print version. A clear sign that readers have accepted the online version of the magazine. Bernd Hinrichs, editor-in-chief of “asphalt”, is already looking to the future: “The online sector is developing rapidly. We will continue to expand our presence with “asphalt” and develop it according to reading behaviour. We still have some surprises in store!” ■

On the road to success on the net: the trade journal “asphalt”
(Source: Stein-Verlag)

General Terms and Conditions

1. In case of doubt, advertising orders must be placed within one year of conclusion of the contract.
2. The order is based on the conditions of the respectively valid advertising price list and the "General Terms and Conditions".
3. The discounts specified in the advertising price list are only granted for ads published within one year. The period begins with the publication of the first ad, unless another starting date is agreed upon when the contract is concluded.
4. If ads are purchased within the one-year period, the advertiser is entitled to a discount if he has completed an order at the beginning of the period which entitles him to a discount from the outset on the basis of the price list.
5. No guarantee is given for the inclusion of ads in specific numbers, specific issues or at specific places in the magazine, unless the client has expressly made the validity of the order dependent on it.
6. The exclusion of competitors can only be agreed in the case of two opposite pages.
7. The order for an ad or insert shall only be rejected on the basis of uniform principles due to content, origin or technical form. The client will be notified of the rejection.
8. The publisher guarantees the perfect printed reproduction of the ad. Unsuitable or damaged artwork will be returned to the client immediately. If the ad is printed illegibly, incorrectly or incompletely in whole or in part, the client shall be entitled to a price reduction or a claim for compensation unless the purpose of the advertisement is negligibly impaired by the defects or incorrectly printed code numbers only have a negligible effect on the purpose of the ad.
9. Proofs are only supplied upon express request. The client is responsible for the correctness of the returned proofs. If the client does not return the proof sent to him in due time, approval for printing shall be deemed to have been granted.
10. If a special size is not specified, the actual print height shall be used as the basis to calculate the price.
11. The invoice must be paid within the deadline indicated on the price list, unless a shorter payment period or advance payment has been agreed in specific cases.
12. In the event of late payment or deferment of payment, customary default interest as well as any collection costs incurred shall be charged; the publisher can postpone executing the order until payment has been made. No discount shall be granted in the case of bankruptcies and compulsory settlements.
13. The publisher shall provide a specimen copy immediately after publication of the ad.
14. If an order is not fulfilled due to circumstances beyond the control of the publisher, the client shall, without prejudice to any further legal obligations, reimburse the publisher for the difference between the discount granted and the discount corresponding to the actual due amount.
15. A right of withdrawal shall only be deemed to have been agreed if it has been fixed and confirmed in the advertisement order and is exercised in due time. (No later than 14 calendar days before the respective advertisement deadline at the publisher.)
16. German law shall apply to the confirmed advertisement order.

Additional conditions

- a) The client must ensure that the advertising texts and/or digital data are delivered on time.
- b) The publisher accepts no liability for the correctness of the reproduction if the ad is placed by phone or if changes are made to the ad in this way.
- c) Any faults that may occur in artwork, damaged data, if not immediately recognisable, shall exclude claims against the publisher.
- d) Complaints of any kind must be made within 30 days after publication of the ad or after receipt of the invoice.

Payment terms

Payment term: 14 days strictly net

Data Printing process:

Magazine format: 210 x 297 mm (Width x Height)

Type area: 184 x 244 mm (Width x Height)

Offset printing, 70 screen, printed with colours from the Euro colour scale for offset printing

Colour mode for ads/delivered data: CMYK (Euroscale), output profile ISO Coated v2 (ECI)/FOGRA39 (ISO 12647-2:2004) RGB or special colours may not be used!

Artwork: Only digital data in PDF/x 3-2002 format or higher, TIFF, JPG, EPS from InDesign, QuarkXPress, Illustrator, Photoshop or Freehand. Minimum resolution for colour and grayscale images 300 dpi, line drawings 1,200 dpi. Fonts must be embedded or converted to paths.

If artwork is delivered as open files and files from CorelDraw, PowerPoint, Publisher, Excel or Word etc., the quality cannot be guaranteed.

Proof/press proof: For the printing of colour ads, please supply a corresponding and true colour-matched proof or press proof in 1:1 scale.

The publisher accepts no liability for colour deviations and text positions in ad images and logos if files have not been saved in the above manner and true colour-matched proofs have not been supplied.

Data archiving: Data is archived for 1 year, so unchanged repetitions are usually possible. However, a data guarantee is not given.

Re-setting: Any typesetting or correction work will be charged at cost price.

Transmission of ad data: Gudrun Schwend
Stein-Verlag Baden-Baden GmbH
Josef-Herrmann-Strasse 1-3, 76473 Iffezheim
Tel. +49 7229 606-31
anzeigen@stein-verlagGmbH.de

Guarantee: The client is responsible to supply the ads/artwork punctually and without any faults. If the client does not supply faultless artwork, the publisher will print the ad in the quality that the artwork allows.
